

AGN. NO. 51(b)

MOTION BY SUPERVISOR ZEV YAROSLAVSKY

February 17, 2009

Congress has approved, and today the President signed, the \$787 billion economic stimulus package. This legislation aims to contain and begin to reverse the current recession through tax cuts and directed federal spending programs including infrastructure construction and repair, health care, renewable energy development and conservation.

It is critical that the County be prepared to move quickly to invest those funds which are made available to the Los Angeles region on an expedited, effective and efficient basis.

I, THEREFORE, MOVE that an interdepartmental task force led by the Chief Executive Officer be established to manage and execute the expenditure of the Federal Stimulus Package funds that the County will receive.

I FURTHER MOVE that the CEO be directed to establish a project management team that will be responsible for insuring that the stimulus funds will be expended in a timely manner.
